

Photo Reproduction Price List

Requests for photos will be filled as quickly we are able, given our limited hours of operation and availability of volunteer staff. In-house work will be done as soon as possible, but may require up to 2 weeks to complete.

Preferably, the selection of photos to be copied should be made in person. For those unable to do so, a limited number of black & white copies of photos in the requested subject area can be mailed to the requester for review and final selection. There will be a charge of \$.10/page plus postage.

Please contact us directly if your project is urgent.
